

# MELBA FOLD & ROLL CHOIR RISERS

**FAST. FUNCTIONAL. PERFORMANCE-READY.**

The **MELBA Fold & Roll Choir Riser** System is designed for schools, community groups, and performance venues needing a portable, easy-to-use solution for choirs and ensembles. Proudly Australian-made and built for convenience, MELBA is the perfect blend of mobility, safety, and speed.

Each unit accommodates up to 24 performers and can be operated by just one person. The system folds flat for compact storage, rolls into position on lockable castor wheels, and unfolds smoothly into place—ready for performance in minutes. With built-in safety rails and seamless connectivity between units, MELBA makes setup effortless and safe for any size choir.

## PORTABLE POWER FOR PERFORMERS

Whether it's a school assembly, end-of-year concert, or community choir performance, MELBA gets the job done—quickly, safely, and reliably. With a single unit or a full riser setup, your performers will always be seen and heard.

## WHY CHOOSE THE MELBA CHOIR RISER SYSTEM?

- **One-Person Operation:** Simple fold-out design for fast setup and pack down
- **Integrated Mobility:** Built-in wheels allow units to roll easily into position
- **Expandable Design:** Connect multiple units for larger performances
- **Built-in Safety:** Includes safety handrails as standard
- **Compact Storage:** Fold-flat design saves space
- **Australian Made:** Reliable construction with quality materials
- **Perfect for Schools:** Quick setup between classes or events

## PERFORMANCE WITHOUT THE FUSS

The MELBA Fold & Roll system is a game-changer for time-poor teams and multi-use spaces. Quick to set up, compact to store, and safe for students and adults alike—it's the smarter way to stage your next choral event.
